

# 2022 Gateway Essential Enhanced Preferred Drug List

Clarity. Insights. Expertise.

The following Preferred Drug List is an abbreviated version of commonly prescribed medications. This list is intended to be a guide and prescribers should still use generics when possible.

Drugs listed in CAPS are Brand Drugs and generic products are listed in lowercase letters.

# Preferred Drug List: Gateway Essential Enhanced Preferred Formulary

| A                                 |  |  |   |
|-----------------------------------|--|--|---|
| acetaminophen/codeine             | budesonide nebulization suspension         | diclofenac sodium delayed- release     | fluocinonide  |
| ACTEMRA [INJ]                     | bupropion                                  | dicyclomine                            | fluoxetine  |
| acyclovir                         | bupropion ext-release                      | digoxin                                | fluticasone nasal spray   |
| ADEMPAS                           | bupropion                                  | diltiazem ext-release                  | folic acid  |
| ADVAIR DISKUS                     | butalbital/acetaminophen/ caffeine         | dimethyl fumarate                      | FORTEO [INJ]  |
